NORTHUMBERLAND

Allow us to introduce ourselves

We boast Northumberland's most awe-inspiring wedding location and exclusive use estate. Steeped in history, our Tower & grounds present a picturesque backdrop to your perfect day. Delicately blending tradition and contemporary flourishes, nature and grandeur.

The estate which dates back to 1257 sets the stage for the most memorable occasion of your lives. Accompanied by fairytale cottages, beautifully tended gardens, rolling green fields, and ancient woodlands we strive to provide an unforgettable experience for you, your friends, and family.

A dream come true

Our purpose is to provide a spark, to ignite your imagination, and allow you to believe your wedding day dreams can be achieved in every sense. We're not here to say what you can't do, instead what can we do to ensure we surpass all expectations.

Our estate is nothing short of magical, and we strive to frame moments to last a lifetime, from welcoming the bridal party with use of our exclusive spa, all the way to your first dance as a married couple surrounded by your closest friends and family. Every moment is precious, and we've perfected our offering over seven hundred and fifty years.

Fairytale setting

Nestled within the Northumberland countryside our grounds boast a completely secluded environment for your ceremony and celebration. Along the private driveway, amidst rolling green hills and ancient woodlands our walled gardens and outdoor areas reflect our passion for the nature we nurture.

With numerous backdrops, textures, and colours our grounds provide the perfect stage for capturing your day on photo and film. You have the choice of where and how your day plays out, utilising the full estate for your ceremony.

Master of ceremony

Utilise the diverse areas and spaces within the estate to achieve the perfect look and feel for your ceremony. From inside to outside, formal or informal, the Tower reception room, Woodland View or walled gardens create a traditional English setting for you to make it official. Seat up to sixty within the Tower or up to one hundred and fifty in the gardens or woodland function suite. Be it up close and personal or surrounded by all your friends and family we aim to make anything possible.

The Woodland Suite has arrived!

Summer 2021 saw the unveiling of Northumberland's newest stand alone function room. Situated within the estate, this organic structure blurs the line between the ancient woodland, the historic grounds, and your special day. By utilising an abundance of glass and natural materials we provide the perfect space for your celebration. The ideal location for your ceremony, wedding breakfast and evening reception, make memories without compromise with up to one hundred and fifty by day, and two hundred and fifty by night.

Dream weaving: food and drink.

It's all about making it special for you, we all have different tastes and preferences especially when it comes to food. We boast traditional, contemporary, and street food packages however we're fully supportive of specific requests, dietary needs, regional variations, and international influences. It all starts with a conversation. Similarly with drink options, we want to make it perfect, our aim is to weave your 'best' day from start to finish. Want to add a cocktail from your first date? or a wine region from your favourite holiday? That's exactly what we want to talk about.

*Pricing from £55ph for dining packages
/ £28.50ph for drinks packages*
